

A RESOLUTION TO CEASE WEATHER MODIFICATION

WHEREAS, The risk to the environment, plant, animal, and human health from chemical cloud creation and “climate change” has not been completely studied; and

WHEREAS, It is well documented and observable that Nevada and other states are intentionally spraying chemicals into the atmosphere for experimentation, cloud seeding, and intensity of sunlight; and

WHEREAS, The federal government requires assessments and studies for all impactful environmental and conservation projects that may affect air, water, and soil quality and public health and safety; and

WHEREAS, The metals that are proven to be part of the spray in the stratospheric aerosol injections include silver iodide and other chemicals that may be harmful to human, soil and plant life; and

WHEREAS, There are no regulations, requirements, notification, or licensing currently for these activities;

BE IT THEREFORE RESOLVED, That the Elko County Republican Party demands that all weather modification must cease and a complete independent peer-reviewed study be done on all aspects of weather modification projects.

This resolution adopted by the Elko County Republican Party in Convention on 21 February 2026.

A handwritten signature in blue ink, which appears to read "Scott A. Gavorsky". The signature is written in a cursive style and is positioned above the printed name.

Scott A. Gavorsky

Chair, Elko County Republican Party
